MONITORING

"Insurance is a 24-hour business and we can't afford to have our data centres and applications down when our customers need help. Our technology is absolutely business-critical."

Suresh Lakshmikanthan,
IT system Administrator, AXA Gulf

"We start managing the existing infrastructure to determine bottlenecks. Sometimes it is CPU, I/O or code-based problems. By using PRTG, we can save them from making bad decisions, saving headaches, time and money."

Jon Berry, President and Owner
Green Olive Tree

"PRTG helps us do a better job than our competitors because we are able to monitor critical networks and react quickly before an issue spins out of control."

Ethan Quint, Clair Global
